Deputy Director of  
Training 1026 CoC

Mr. Rodriguez:

In response to your questions on the attached slip, you will note from the background attached that the DD/M&S personally solicited Agency participation in this Seminar. OTR had not heard of it prior to receipt of Mr. Brownman's memorandum. This, as well as Mr. McMahon's enthusiastic report on his attendance (and his apparently successful P.R. missionary work), would seem to justify our sending a senior official again next year. Our records indicate that [REDACTED] attended last year but did not submit a report following his attendance. All FEI programs in the past have been well done and I'm sure this is no exception.

The cost of the four-day Seminar this year was \$280.
